[1] Setting and Infrastructure (SI)

[1.15] Campus facilities for disable, special needs and or maternity care (SI.5)

1. Lactation room

2. Maternity care room

3. Elevators

4. Wheelcahir ramps

5. Accessible toilet

6. Accessibility ramp

Description:

Baku State University ensures that comprehensive facilities and support mechanisms for persons with disabilities, individuals with special needs, and maternity care are fully integrated across all campus buildings. These facilities are not limited to selected locations but are systematically provided throughout the university infrastructure, ensuring equitable access for all users.

The university has implemented accessibility-friendly architectural features and support services designed to accommodate diverse needs, including individuals with mobility, sensory, or other functional limitations. In addition, appropriate provisions are available to support maternity care, contributing to an inclusive and supportive campus environment.

All such facilities are actively maintained and fully operational, and the university continuously monitors their effectiveness to ensure compliance with accessibility standards and to promote an inclusive academic and working environment for all members of the university community.

- 1. Wheelchair Ramps and Elevators:** Baku State University ensures barrier-free access to campus buildings by installing wheelchair ramps at the main entrances and exits of academic and administrative facilities. Multi-story buildings are equipped with elevators that include tactile buttons and audio signals, enabling safe and independent movement for individuals with mobility or visual impairments. Continuous infrastructure improvements implemented in recent years, including facility upgrades in 2025, have further enhanced accessibility standards across campus.
- 2. Accessible Restrooms:** Accessible restrooms for individuals with disabilities are available in major academic buildings, libraries, and student service areas. These facilities are designed with wide doors, grab bars, anti-slip flooring, lowered sinks, and sufficient maneuvering space to ensure safe and comfortable use for wheelchair users.
- 3. Classroom Accessibility:** Classrooms and lecture halls are designed to support inclusive education by providing adjustable desks, flexible seating layouts, and designated spaces for wheelchair users. Wide corridors and accessible entrances enable easy movement between classrooms, ensuring equal participation in academic activities.
- 4. Accessible Parking and Campus Routes:** Designated parking spaces for individuals with disabilities are located near the entrances of major buildings to minimize travel distance. Pedestrian pathways across campus are designed with smooth surfaces and ramp connections to improve safe movement between facilities.
- 5. Information and Support Services:** Campus signage includes clear directional indicators to help individuals locate accessible facilities such as elevators, restrooms, and service areas. University staff provide support when necessary to assist individuals with disabilities in accessing educational and administrative services.

CATEGORY	DESCRIPTION
WHEELCHAIR RAMPS AND ELEVATORS	Baku State University provides barrier-free access through wheelchair ramps at main entrances of academic and administrative buildings. Multi-story buildings are equipped with elevators featuring tactile buttons and audio signals, supporting safe and independent movement for individuals with mobility or visual impairments. Continuous infrastructure upgrades, including improvements implemented in 2025, have further strengthened campus-wide accessibility standards.
ACCESSIBLE RESTROOMS	Accessible restrooms are available in major academic buildings, libraries, and student service areas. These facilities include wide doors, grab bars, anti-slip flooring, lowered sinks, and adequate maneuvering space to ensure safe and comfortable use for wheelchair users.
CLASSROOM ACCESSIBILITY	Classrooms and lecture halls are designed for inclusive education with adjustable desks, flexible seating arrangements, and designated wheelchair spaces. Wide corridors and accessible entrances ensure smooth movement between learning spaces and equal participation in academic activities.

**ACCESSIBLE
PARKING AND
CAMPUS ROUTES**

Dedicated parking spaces for individuals with disabilities are located close to building entrances to reduce travel distance. Campus pedestrian pathways are designed with smooth surfaces and ramp connections to ensure safe and convenient mobility across university grounds.

**INFORMATION AND
SUPPORT SERVICES**

Clear signage across campus provides directional guidance to accessible facilities such as elevators, restrooms, and service areas. University staff are available to provide assistance when needed, ensuring that individuals with disabilities can access academic and administrative services effectively.
